Description of Incident

Provide a description of the incident and how you were victimized.
Provide information not captured elsewhere in this complaint form.

Hello FBI,

My Instagram account has been hacked, and someone is trying to impersonate me and post stories, sending DMs, and also making posts and asking for ransom, which is misleading for crypto schemes.

I have no clue how this happened, but I had the phone changed, the email changed, and I also had my accounts linked in the account center with my Facebook, but even that didn't work, and my Instagram account is not showing up there.

I was able to get a few screenshots of the hacked stories, posts, and also learned from the account center that my account is now part of another group/user.

My instagram account, which was under @chavilism was changed to

@chavilism.__o9 and now to @_.chavilism.__ and mostly as time passes, will get changed further.

I am worried about identity theft here, as it's concerning how my account got hacked in the first place.

I tried going through the Help Center too, but obviously, it's of no use, After wasting considerate time going back and forth on those pages, I resolved to put up this email.

at present, I know my phone number, 8860507929, has been changed to +2349028170861 and email from bhvchawla08@gmail.com and bhavya.chawla@yahoo.co.in were changed to instagramswipe001@gmail.com

I had my Facebook linked to my Instagram via the bhvchawla08@gmail.com email itself.
